Travel to the mighty **Tonle Sap Lake** to visit the **floating village of Chong Khneas**, located 10 km south of Siem Reap. Take a ride in a traditional wooden boat on the Tonle Sap, the "Great Lake" of Cambodia and the largest in Asia. Here we will see plenty of examples of the Khmer way of life on the Tonle Sap.

Nestled under the hill of Phnom Krom, this floating community moves location with the waters of the lake. During the wet season when the lake swells to five times its size, the village is near Phnom Krom, but during the dry season, it moves as much as 4km from the hill. Everything floats on water in this living fishing community. There are floating schools, floating shops, floating petrol stations, even floating karaoke bars. Many of the houses are floating fish farms with large pens of fish underneath. This lake serves as the heartbeat of Cambodia, providing sustenance to millions of Khmers.

After that, visit **Wat Bo**, a highly respected pagoda founded in the 18th century that contains very unique wall paintings of the Reamker (Ramayana) that are said to be from late 19th century. Continue to visit the "Les Artisans d'Angkor – Chantiers Ecole" the finest authentic Khmer Arts and Crafts. Then we will pass by one of the city's lively open markets, Psar Chars, also called the "Old Market", where anything and everything is for sale.

Have dinner at an Indian restaurant and stay overnight in the hotel at Siem Reap.

DAY 2: SIEM REAP	BREAKFAST – LUNCH – DINNER
------------------	----------------------------

After breakfast, explore South Gate of **Angkor Thom** known as Big Angkor - 3km 2 walled, moated royal city and was the last capital of the Angkorian Empire. **Angkor Thom** is an immense walled city that was the masterpiece of King Jayavarman VII. The scale is simply staggering and we are immediately overwhelmed by the audacity of Jayavarman on arrival at the city's gates. The causeway is lined by an intricate bridge depicting the Churning of the Ocean of Milk from Hindu mythology in which the devas (gods) and asuras (devils) play tug of war with a naga (seven-headed serpent) to obtain the elixir of immortality.

The famous **Bayon Temple** was an architectural muddle, in part because it was constructed in a somewhat piecemeal fashion for over a century. Terrace of the Elephants is an impressive, two and a half meter tall, 300 meter long terrace wall adorned with carved elephants and gradual that spans the heart of **Angkor Thom** in front of **Baphuon** - huge temple mountain in the heart of Angkor Thom, Royal Palace Area and Phimeanakas - impressive rite and sandstone pyramid. Terrace of the Leper King is at the north end of the Terrace of the Elephants, a double terrace wall with deeply carved nagas, demons and other mythological beings. Last, visit **Ta Prohm temple** which is a wonderful combination of human genius and natural beauty! Giant trees have grown here for centuries. We continue to the '**Indiana Jones' temple of Ta Prohm**. This temple has been abandoned to the elements, a reminder that while empires rise and fall, the riotous power of nature marches on, oblivious to the dramas of human history. Left as it was 'discovered' by French explorer in 1860, the tentacle-like tree roots here are slowly strangling the surviving stones.

Have lunch at the restaurant.

Next, journey to the Mother of all temples, **Angkor Wat**. Believed to be the world's largest religious building, this temple is the perfect fusion of symbolism and symmetry and a source of pride and strength to all Khmers. Built in the 12th century by King Suryavarman II, this is most famous temple at Angkor. We venture into Angkor Wat to enjoy its magnificence in peace and quiet. We begin by unravelling the mysteries of the bas-reliefs that tell of tales from Hindu mythology and of the glories of the Khmer empire. Stretching for almost one kilometer, these intricate carvings are a candidate for the world's longest unbroken piece of art. Angkor Wat Temple - Cambodia's ancient temple is one of the wonders of the oriental world. Masterpieces of decorative details as well as of architectural style, its awe-inspiring ruins survive as testament to the spectacular achievements of Southeast Asia's greatest civilization. It is a replica of the universe according to the Hindu mythology. It is composed by Mount Meru, surrounded by the continents and the oceans. Its extraordinary bas-reliefs, describe some Khmer epics and myths. Angkor Wat's five famous towers rise into the sky, a geometrical arrangement of numerous galleries, adorned with beliefs and the stone images of celestial Apsara dancers, as well as portals, chambers and courtyards. Enjoy sunset at Phnom Bakheng which rises almost 70 meters above the plain where the rest of the temples are located, which gives a magnificent views of Angkor.
